

PEACE IN BAYONNE, THANKS TO KINKEAD, ILL FROM HIS WORK

Sheriff Collapses After Settling
Strike—Commissioners
Rule City Again.

The dove of peace hovers to-day over Bayonne, which Sheriff Eugene Kinkead has surrendered again to the government of its commissioners. The transfer was formally made last night through Under Sheriff Clark, after he had held a conference with the Commissioners and Chief of Police Riley. It was decided order

had been restored and the Sheriff's miscellaneous force was withdrawn. The guards arrested during the Bayonne strike will be arranged to-day before Supreme Court Judge Swayze in Jersey City, and an effort will be made to learn if any of them fired shots which resulted in the death or wounding of strikers. There are about one hundred and thirty in all.

An investigation is being made of the charge of Peter Sternanaka that his son John was killed last week by a bullet from the revolver of a high police official. Sternanaka said five men vowed vengeance on the Bible over his son's coffin.

Practically all the strikers are now back at work and have assurances from the oil companies that they will get increases in wages and other concessions.

Jeremiah Baly, the youthful would-be leader of the strikers, who was punished by Sheriff Kinkead and locked up on the discovery that he did not work for any of the companies affected by the strike, is talking of suing the Sheriff for damages. Sheriff Kinkead brought his spec-

tacular activities to a climax yesterday by arresting ninety-nine guards he heard were preparing to quit the Tide Water plant by boat. Later, he collapsed from the strain of his long hours on the job. He went to his summer home at Deal to rest. The strike at Caven Point, Jersey City, ended yesterday.

Munitions Strike Is Practically Ended.

BRIDGEPORT, Conn., July 29.—The strike of the machinists of the Remington Arms and Ammunition Company, and its principal subsidiary, the Union Metallic Cartridge Company, has practically ended, but some machinists remain out of sub-contracting plants until there is a definite reply to the demand for the eight-hour day that has been granted by the Remington Company.

WOMAN SEIZES MAN ON TRAIN

Recognizes Passenger in Subway Whom She Accuses of Theft.

As Mrs. Maud Robinson, No. 123 Nassau Avenue, Williamsburg, boarded a subway train for Canarsie to-day she recognized a fellow passenger as a man of thirty-five who had taken quarters at her rooming house last October, under the name of Joseph Kamiski, and then, at his first opportunity, she says, stole \$400 worth of jewelry and \$25 in cash.

At the Marcy Avenue station the man, who appeared to have recognized Mrs. Robinson also, started hastily for the door. Mrs. Robinson caught him and, seeing Detective Dowling on the platform, called to him to help her. With the assistance of Detectives Miller and Hynes, Dowling arrested the man after a brisk fight in the train and took him before Magistrate Reynolds in the Manhattan Avenue Police Court. There he is said to have been identified by Mrs. Johanna Michelsen, No. 103 South Third Street, as the same man who took some jewelry and her son's suit of clothes from her home while representing himself as a clock repairer. She said he was wearing her son's suit in court. The prisoner was held without bail for examination Saturday.

SUMMON DYNAMITE OWNERS.

Charged With Keeping Improper Records of High Explosives.

Eighteen contracting firms have been summoned to appear before Chief Magistrate McAdoo on July 30 to answer charges of failing to keep proper records of their dynamite supply. The charges were made as the result of the investigation that followed the discovery of Frank Holt's easy transportation of explosives through the city before he attacked J. P. Morgan. The investigation was made by Detective Barnette of the Anarchist Squad, and the magazines of all the contracting firms were visited. The police found that the dynamite is frequently left unwatched and could be stolen.

REPAID CITY BEFORE DEATH.

Man Brings Father's \$10 to "Conscience Fund" in Comptroller's Office.

"After father died this envelope was found with instructions that it be delivered to the Comptroller," said a young man to Thomas Hogan in the Finance Department this morning. Comptroller Prendergast himself later opened the envelope which bore the superscription "Conscience Fund." There were two five dollar bills and no explanation. Since January 1 last \$90.10 has been added to the city conscience fund.

SILVER SPRINGS WOMAN WRITES OF HER SISTER

A Truly Remarkable Story of What Wonderful Remedy Did For Her.

Mrs. Margie Granger, Silver Springs, N. Y., tells in the following letter to George H. Mayr of the terrible suffering of her sister with stomach trouble and how she recovered her health. She writes: "My sister went to a hospital at Buffalo. They called it intestinal trouble. She got relief for a time and then it came back. It would go until she had hemorrhage of the stomach. She couldn't eat and her flesh fairly dropped off. Since she took your medicine (Mayr's Wonderful Remedy) she can eat anything and do work that she hasn't been able to do in two years."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating. Pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.—Adv.
